We are all absolutely beside ourselves?

17th July 2023

It is a lecture about taking effects you already perform and creatively making them different, more appealing, more theatrically interesting, entertaining and more magical.

- It is a lecture that will show how 3 seconds can instantly improve your performance.
- It is a lecture about differentiating yourself as a performer and what that means with your existing routines and how it can result in you earning more.
- It is a lecture that will explain how 7 seconds can instantly boost your confidence.
- It is a lecture that teaches some of Jez's favourite routines, dissecting how to start with a moment, whether a purchased routine or a selection of items, and create something that audiences care about, which immediately makes you - and your magic - more fascinating, in turn creating a 'category of one'.
- It is a lecture like no other.

- Hosted by **Braunstone Civic Centre, LE3 2PP** (Free Parking)
- Lecture starts at **7.30pm**
- Free **Tea & Coffee**
- Non-Members welcome (**£10**)
