## **Will Houstoun & Harry De Cruz**

Earlier last year, Will Houstoun and Steve Thompson created a project called Video Chat Magic. In just six months they published over 50 effects, essays and tools specifically designed for magic performed on video chat platforms like Zoom and Skype.

This lecture, features the highlights from this collection, hosted by Harry De Cruz and Will Houstoun

We recently lectured for the Watford Association of Magicians, where we received incredibly positive feedback, and Martin Duffy, Booker of The South Tyneside International Magic Festival, has said: "Harry and Will's lecture was the best one I've seen using Zoom... if not the best overall on any subject. The lecture was on magic for video chat, but even those who don't and never will use Zoom will love it. Recommended!"
